About Us

Powering Performance, Driving Reliability - Your Trusted Partner in Diesel Solutions Since 1992.

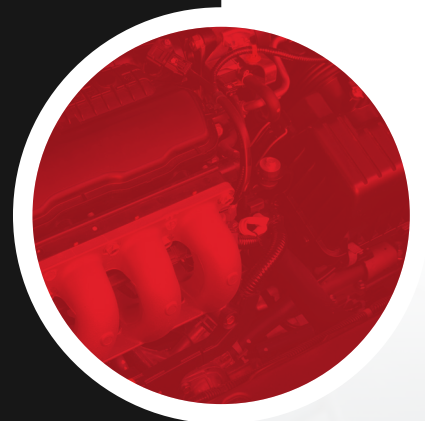

Al Enjazat Technical Works, your trusted partner in diesel engine solutions since 1992. With over 30 years of experience, we specialize in providing high-quality services and products for diesel fuel injection systems, turbochargers, and more.

Starting with a small team and a single test bench, we've grown into a reliable name in the industry, serving customers across **Qatar** and the **Kingdom of Saudi Arabia**. Our journey is built on hard work, advanced technology, and a commitment to delivering the best to our clients.

Our team of highly skilled technicians, combined with advanced diagnostic tools, ensures your vehicles and machinery perform at their best. We cater to a wide range of industries, including transportation, construction, and industrial equipment.

We Offer

- Assistance with accurate diagnosis
- Thoroughly test your injector to manufacturers spec.
- We can help you decide if you should change any of your injectors, spare parts, just one or even the full set.
- Service test and calibrate fuel injection pumps
Always using genuine parts.

A Journey Of Growth: Al Enjazat Through the Years

The Beginning

Established on Salwa Road, Doha-Qatar, with a Bosch EPS 711 test bench and a team of just two dedicated individuals.

1992

Expansion in Qatar

Moved to a modern facility in the Industrial Area, marking a new chapter in our journey.

2002

A Commitment to Sustainability

Began efforts to reduce carbon emissions, showcasing our responsibility towards the environment.

2003

Diversification of Services

Launched a new line of spare parts for diesel pumps and injectors, providing customers with reliable components.

2004

Growing Team

Expanded to a skilled team of 8 employees, enabling us to serve more customers with efficiency.

2007

Embracing Advanced Technology

Started repairing advanced electronically controlled diesel pumps and injectors to meet the demands of modern engines.

2010

Enhancing Service Quality

Introduced Ultrasonic Cleaning Systems, setting a benchmark for thorough and effective cleaning of components.

2013

Turbocharger Expertise

Expanded our team to 16 professionals and began rebuilding turbochargers to provide complete engine solutions.

2017

A Bigger Space for Bigger Goals

Relocated to a larger facility to accommodate our growing operations and better serve our clients.

2019

Regional Expansion

Proudly established operations in the Kingdom of Saudi Arabia, extending our expertise and services to a new market.

2023

A Legacy of Excellence

Each milestone in our history reflects our unwavering commitment to innovation, quality, and customer satisfaction. From a modest start to becoming a trusted name across Qatar and Saudi Arabia, AET Diesel continues to drive forward with the same passion and dedication that began our journey.

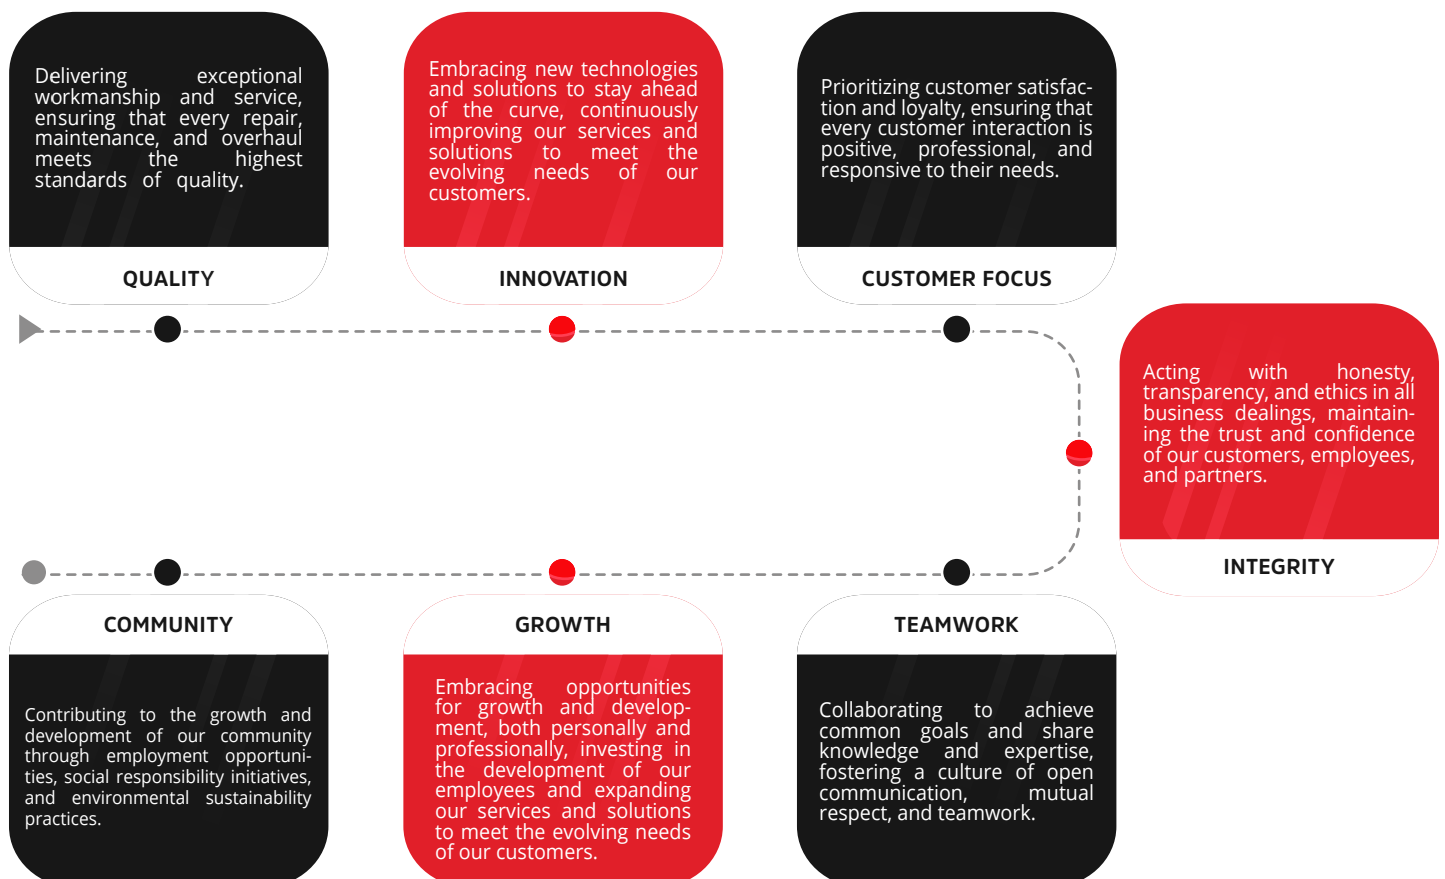

Vision

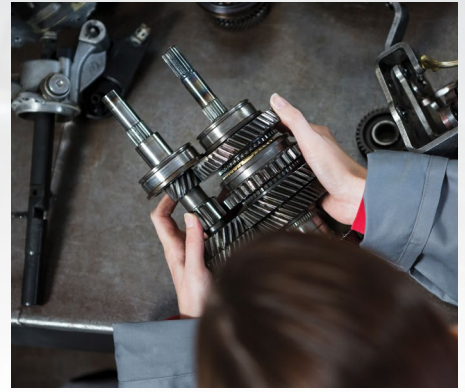

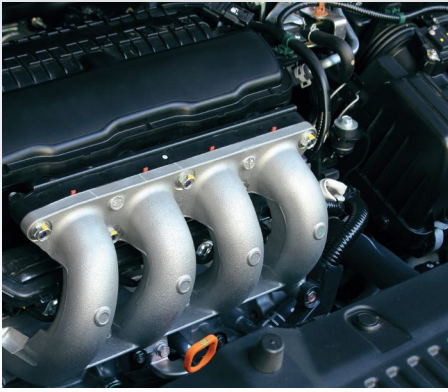

To be the trusted leader in technical services, delivering innovative solutions and exceptional quality to our customers, while expanding our presence and creating opportunities for growth and development. We envision a future where Al Enjazat Technical Works is recognized as the go-to provider of technical services in Qatar and beyond, known for our commitment to quality, innovation, and customer satisfaction.

Mission

At Al Enjazat Technical Works, our mission is to provide comprehensive technical services, including diesel engine repair, maintenance, and overhaul, while introducing new services and solutions to meet the evolving needs of our customers. We strive to deliver high-quality services and solutions that exceed customer expectations, foster a culture of innovation, continuous improvement, and teamwork, and expand our presence in Qatar and beyond, creating new opportunities for growth and development. We are committed to providing employment opportunities and contributing to the growth and development of our community.
